SKILLS

- **Languages:** C, C++, Java, HTML, CSS, JavaScript, Python, PL/SQL
- **Domain Skills:** Data Structures and Algorithms, Responsive Web Design, Scripting in Python
- **Technologies/Tools:** Power BI, Excel, Git, GitHub, Figma, Canva
- **Database:** MySQL
- **Soft Skills:** Problem Solving, Time Management, Adaptability, Teamwork, Communication

PROJECTS

Intelligent Healthcare Analytics Dashboard with ML-Based Age Prediction |

Nov' 2025 – Dec' 2025

- Built an intelligent healthcare analytics dashboard using NHANES data, integrating data preprocessing, statistical analysis, and interactive visualizations.
- Developed machine learning-based age prediction models (Random Forest, XGBoost, Linear and Ridge Regression) achieving $R^2 \approx 0.92$ and RMSE ≈ 5 years, with comparative model evaluation.
- Implemented a real-time prediction interface with feature engineering (BMI, glucose, insulin) and error analysis using RMSE, MAE, residual plots, and cross-validation.
- **Tech:** Python, Scikit-learn, XGBoost, Pandas, Streamlit, Plotly

Executive Revenue Performance Variance Analysis Dashboard |

Nov' 2025 – Dec' 2025

- Designed an executive sales and revenue analytics dashboard using Power BI to track revenue, profit, growth, and KPI performance.
- Built interactive visualizations with DAX measures, slicers, and drill-downs to analyze regional, category, and time-based trends.
- Enabled data-driven decision-making through dynamic reporting, data modeling, and business performance analysis.
- **Tech:** Power BI, DAX, Data Modeling

Personal To-do List Tracker |

Aug' 2025 – Sep' 2025

- Built a personal To-do list web application using python and Streamlit, enabling users to add, update, delete and track tasks effectively.
- Enabled 100% task persistence using JSON storage and improved interaction speed through optimized streamlit UI.
- **Tech:** Python, Streamlit, File Handling/JSON

INTERNSHIP

InternPro, AICTE - Web Development Intern |

Jun' 2025 – Jul' 2025

- Built and optimized structured web pages using HTML, CSS, JavaScript and MERN Stack improving UI responsiveness by 30% across devices.
- Collaborated in a remote environment using LMS tools and version control, completing 100% of assigned tasks within deadlines.

CERTIFICATES

- PL/SQL and Data Science Training Course by Lovely Professional University |  Jul' 2025
- Logic Building, Programming and Data Structures by Lovely Professional University |  Jul' 2024
- Mastering in C: Basic To beyond by CSE Pathshala |  Mar'2024
- C++ and C language processing by IECS, NIELIT |  Jul' 2023

ACHIEVEMENTS

- **4 stars in Java on Hackerank** |  Jul' 2025 – Dec' 2025
Demonstrated strong programming and problem-solving skills through competitive coding.
- **Deployed 4+ Streamlit Applications** |  Jul' 2025 – Nov'2025
Built and deployed interactive data analytics and machine learning dashboards with real-time predictions and Visualisations.

EDUCATION

- **Lovely Professional University** Punjab, India
Bachelor of Technology - Computer Science and Engineering; CGPA: 7.45 Since Aug' 2023
- **St. Sophia Senior Secondary School** Hisar, Haryana
Intermediate; Percentage: 80 Jul 2021 – Mar' 2023
- **DAV Public School** Hisar, Haryana
Matriculation; Percentage: 92.3 Apr 2020 – Mar' 2021
